Thermogenic Formula

QUICK REFERENCE SHEET

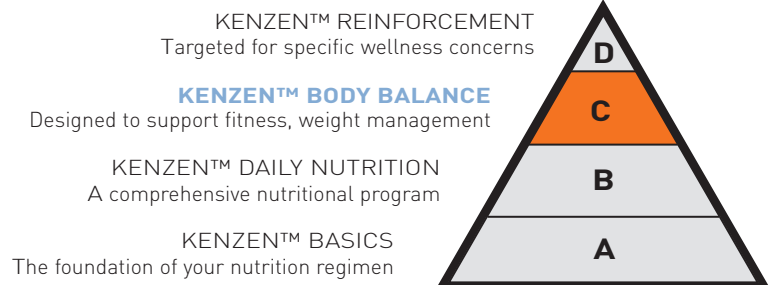

- *Helps boost metabolism**
- *Helps the body burn off fat and calories**
- *Assists in appetite control**
- *Contains no ephedra*
- *Assists in weight loss**
- *Kosher certified*

Kenzen Wellness

The Nikken Nutrition Philosophy

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness nutrition is based on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

FEATURES/BENEFITS:

- **Guarana seed** Used in the Amazon region for centuries, guarana helps the body maintain metabolic levels, stamina and endurance.*
- **Licorice root** This preparation, included in many Western and Eastern herb combinations, supports immune system stimulation and adaptogenic response.*
- **Kelp** Offers natural enzymes, including ingredients associated with chemical balance.*
- **Arginine** Arginine is an amino acid that supports healthy muscle tissue and circulation.*
- **Theanine** A versatile compound that assists in metabolic function and in maintaining healthy response to stress and anxiety stimuli.*
- **Buchu leaf** From an African herb, assists in maintaining metabolic health.*
- **Hops strobiles, passionflower** Identified as supporting a healthy metabolism and the body's stress relief function, these ingredients also serve to balance the stimulant effect.*

KENZEN™ BURN

Thermogenic Formula

QUICK REFERENCE SHEET

THE FACTS

- Consumer interest in weight management is more than a growth industry; it is exploding. The United States government organization that monitors public health, the Centers for Disease Control and Prevention, states that today 64 percent of adults age 20 years and over are overweight or obese.
- In the past year, Americans alone spent an estimated \$46 billion on diet products and books.
- A calorie is a measurement of heat. The body is essentially a furnace, converting food calories into heat energy that powers its systems. All food is thermogenic (fuel for heat), but specially chosen compounds can enhance this effect, adding more fuel to raise the metabolic rate and increase natural calorie burning.*
- This combustion process feeds on stored fat in addition to ingested nutrients, so a higher metabolic rate consumes more of the existing fat deposits.*
- Some thermogenic products simply “go for the burn” without regard for the possible side effects of a higher metabolic rate (for example, increased anxiety, cardiac irregularity). In contrast, Kenzen Burn is carefully balanced with ingredients that support physiological systems that act to reduce or stabilize stress.*
- Another benefit of Burn is that a higher metabolic rate can help to decrease appetite and reduce cravings, in support of the efforts in a weight management program.*
- Burn is formulated for use before meals. Taken at that time, it can help boost metabolic rate and calorie burning during and after eating.*

Supplement Facts	
Serving Size: 2 Capsules Servings Per Container: 60	
Amount Per Serving	% Daily Value
Vitamin B6 (as Pyridoxine HCl)	6 mg 300%
Calcium (from Dolomite)	22 mg 2%
Magnesium (from Dolomite)	12 mg 3%

AVAILABILITY		
US: YES CN: YES		
FEATURED NIKKEN TECHNOLOGY		
Kenzen Wellness Technology		
HOW TO USE		
Take 2 capsules 30 minutes before breakfast and lunch.		

QUICK SHARING TIPS

- Burn is designed to promote a slight increase in the body’s natural calorie-burning mechanism. A slight elevation can provide significant benefits. Raising body temperature by just one degree can burn an additional 45 pounds of fat in a year.*
