

The COMPENSATION PLAN

“THE NIKKEN HIGHWAY” TO FINANCIAL FREEDOM. LOOK AT THE POSSIBILITIES... rev. 02 / 05

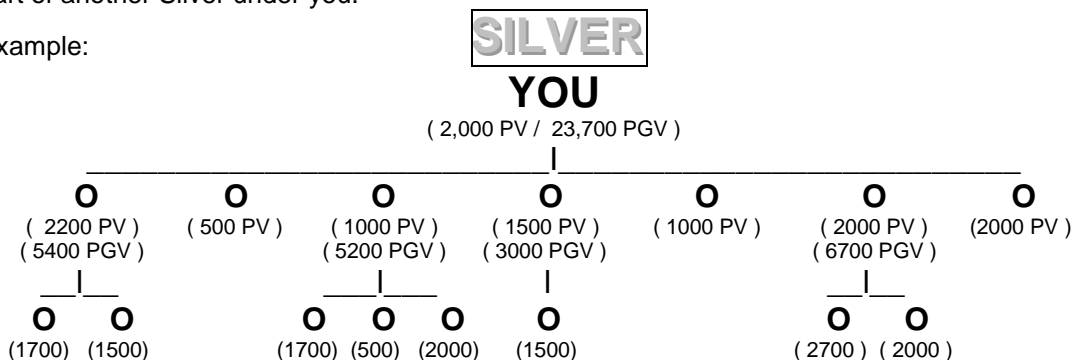

These illustrations depict an outline of the Leadership levels of the Compensation Plan. They are intended as an overview, to gain a simplified view of the levels and incomes that are possible. Ask your sponsor for help and see the Nikken brochures for more details. There are no guarantees of any specific income or how long it may take you to reach any level. The examples are not “averages” but they show what many committed and effective consultants are doing in North America. Income is determined by the number of consultants and effective leaders in your network and their monthly volumes. (Save this file, print it out and get copies to everyone !)

SILVER

At Silver you maximize your earnings potential. When you and several people on your team all buy Nikken products and do a combined wholesale product volume totaling over 20,000 points in any single month, you achieve the level of Silver. Also, you must have 3 or more frontline Seniors (at 1500+ points) and attend Humans Being More Training. You sponsor several people and some of them also sponsor others and usually there are about 10 – 25 people or more in your group when you reach Silver. You can do 25,000 points in 2, 3, or 4 months, but 20,000 points in one month is better. Silver is just the beginning, so create momentum for Silver by “going wide,” sponsoring 21 people in 60 - 90 days !

1 point = \$1.00 USD of Wholesale Volume. PV = Personal Volume = Products you ordered. PGV = Personal Group Volume = Products ordered by you and distributors in your Personal Group, not part of another Silver under you.

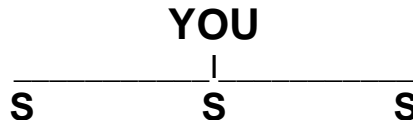

Example:

Silver has been achieved in 30 – 120 days or longer, and an active, “solid” Silver can earn about **\$1000 to \$2000/month**. Continue to sponsor at least 1 to 2 new Seniors or more per month while helping your active leaders to reach Silver. (*)
