

**KENZEN™ IMMUNITY**  
**QUICK REFERENCE SHEET**

- *Unique, proprietary blend*
- *Formulated for immune system support\**
- *Produced from 14 mushroom species*
- *Organically obtained and prepared*
- *Precisely controlled growth for maximum yield*
- *Designed to supplement and balance immune function\**
- *Concentrated for daily serving*
- *Certified kosher*

**Kenzen Wellness**

**The Nikken Nutrition Philosophy**

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness nutrition is based on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

**KENZEN™ REINFORCEMENT**

Targeted for specific wellness concerns

**KENZEN™ BODY BALANCE**

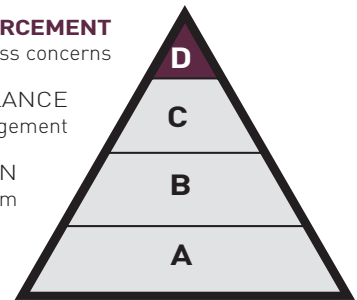

Designed to support fitness, weight management

**KENZEN™ DAILY NUTRITION**

A comprehensive nutritional program

**KENZEN™ BASICS**

The foundation of your nutrition regimen

**IMMUNITY FEATURES AND BENEFITS:**

- **Offers 14 species of mushrooms** . . . . . Including rare varieties not available in conventional mushroom products.
- **Includes 6 strains exclusive to Nikken** . . . . . Developed for highest concentration of beneficial compounds.
- **A balanced formulation** . . . . . Carefully chosen to work synergistically to support immune health.\*
- **Specially grown** . . . . . Under organic, controlled laboratory conditions to maximize ingredients.
- **Comprehensive immune system support** . . . . . Not a stimulant, developed to assist the body's natural immune equilibrium.\*
- **A whole-food product** . . . . . All natural, ideal for anyone.
- **Vegetable capsules** . . . . . Meets dietary and cultural requirements.

# KENZEN™ IMMUNITY

## QUICK REFERENCE SHEET

### THE FACTS

- The human immune system is a complex combination of responses that protects against illness and helps in recovery. It serves as a defense against attack not only from external, environmental hazards — such as bacteria and viruses — but also from internal challenges, including cell mutations that can threaten health.
- Protection against disease is merely one of the functions the immune system performs. Studies suggest that it may be a principal mechanism in the body that prevents premature aging. There is some evidence that a healthy immune system is also related to emotional well-being.
- Mushrooms have been employed for centuries as an herbal remedy — some species have been used for this purpose as far back as 3,000 BC. More recently, studies have been devoted to the relationship between mushrooms and immune response.
- Kenzen Immunity is a combination of 14 different mushrooms. Each is carefully chosen for its specific profile of compounds, each structurally different at the molecular level.
- These mushrooms are *Cordyceps sinensis*, *Agaricus blazei*, maitake (*Grifola frondosa*), reishi (*Ganoderma lucidum*), *Trametes versicolor*, shiitake (*Lentinula edodes*), *Hericium erinaceus*, *Tremella mesenterica*, *Phellinus linteus*, *Pleurotus tuber-regium*, oyster (*Pleurotus ostreatus*), chaga, *Lepiota procera* and *enoki* (*Flammulina velutipes*).
- It would be almost impossible to include all these various types of mushrooms in a regular diet. Kenzen Immunity combines them in order to provide this wide-spectrum range of natural biochemicals. In addition, each species is grown under laboratory conditions that optimize its beneficial ingredients.\*
- The formulation includes mushrooms that are rich in alpha and beta glucans, specialized sugars that the human body cannot produce on its own. These and other scientifically optimized compounds are provided for immune support.\*

**Recommended Use:** Two (2) capsules per day. For maximum absorption, take separately during the day.

### Supplement Facts

Serving Size: 1 capsule Servings Per Container: 60	
Amount Per Serving	% DV
Proprietary Blend, 500 mg	*
<i>Cordyceps sinensis CS4</i>	
<i>Agaricus blazei qingyuan 2</i>	
Maitake ( <i>Grifola frondosa Strain 88</i> )	
Reishi ( <i>Ganoderma lucidum Strain 6800</i> )	
<i>Trametes versicolor Huelo 1</i>	
Shiitake ( <i>Lentinula edodes qua qu</i> )	
<i>Hericium erinaceus Strain 317</i>	
<i>Tremella mesenterica Strain 1206</i>	
<i>Phellinus linteus Mauiensis</i>	
<i>Pleurotus tuber-regium Nigeriumoso</i>	
Oyster ( <i>Pleurotus ostreatus Siberiaensis</i> )	
Chaga ( <i>Inonotus obliquus Olinda</i> )	
<i>Lepiota procera wang xing li</i>	
Enoki ( <i>Flammulina velutipes Coloradoensis</i> )	

\* Daily Value (DV) not established.

**Other Ingredients:** magnesium stearate, hydroxypropyl methylcellulose (Vegetarian capsule)

### PRODUCT INFORMATION

ITEM CODE	DESCRIPTION	SUGGESTED RETAIL
#1512	Kenzen™ Immunity – US	US \$35
#1529	Kenzen™ Immunity (3 ct) – US	US \$100
<b>AVAILABILITY</b>

<b>FEATURED NIKKEN TECHNOLOGY</b>		
Bio-Directed™ Nutri-Technology™		
<b>HOW TO USE</b>		
Take two (2) capsules during the day. For maximum absorption, take separately during the day.		

If you are allergic to any of these ingredients, consult a doctor before taking this product.

### QUICK SHARING TIPS

The 14 mushroom varieties in this formula are sourced from regions around the world. One comes from the desert of Nigeria, another from the southern highlands of Brazil, and a third is found at the highest levels of the Himalayas in Tibet and Nepal. To produce Kenzen Immunity, each is cultivated in the laboratory under conditions specific to that strain, in order to prevent accidental variations in its ingredient yield.
