- *High bioavailability for better absorption**
- *Rich in flavonoids*
- *High yield blend*
- *Proprietary process maximizes active ingredients*
- *Certified kosher*

Kenzen Wellness

The Nikken Nutrition Philosophy

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness nutrition is based on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

KENZEN™ REINFORCEMENT

KENZEN™ BASICS

The foundation of your nutrition regimen

LIVER SUPPORT FEATURES AND BENEFITS:

- **Support for the body's cleansing system** Promotes healthy liver detoxifying and metabolism.*
- **Complex of artichoke and sarsaparilla.** These are naturally high in flavonoids, compounds that aid liver function.*
- **Made using two-part extraction process** Yields maximum concentration of ingredients.
- **Proprietary formula** Support for a multitude of functions carried out daily by the liver.*
- **Superior bioavailability** Ingredients that the body can readily absorb and metabolize.*
- **Natural** No artificial additives, preservatives, stabilizers or solvents.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

KENZEN™ LIVER SUPPORT

QUICK REFERENCE SHEET

THE FACTS

- The liver is the largest internal organ in the human body and it helps the gastrointestinal and circulatory systems to refine and detoxify food. Normal liver function is important to the entire body and for a healthy life.
- Regular liver function is necessary to remove toxins, contaminants that can be introduced into the body from a variety of sources — from food, air and water, even from medications.
- Studies indicate that the liver may benefit from targeted nutritional support, to assist in its detoxifying and metabolic action.*
- Kenzen Liver Support features the Maximum Purifying Blend, a proprietary complex of artichoke and the root of the sarsaparilla plant. This provides the optimal level of ingredients that studies show have a beneficial effect on liver health.*
- The special technique used to prepare Kenzen Liver Support employs two stages. It extracts the highest concentration of these ingredients without using an artificial method that requires chemical processing.
- Kenzen Liver Support is one of many Kenzen Wellness nutritional products in the Reinforcement category — targeted products designed to address specific areas of concern. The combination of a balanced diet and appropriate supplementation with Kenzen Wellness is a practical way to help ensure good nutrition.*

Recommended Use: Three (3) capsules total per day. For maximum absorption, take all three together one half hour before a meal.

HOW TO USE		
Take three capsules total per day. For maximum absorption, take all three together one half hour before a meal.		

QUICK SHARING TIPS

The liver is one of the few organs in the body that is capable of regeneration — even a damaged liver can repair itself if at least 25% of the tissue is healthy, and if it receives necessary nutrients. So it's almost never too late to start taking good care of this vital organ.
