## QUICK REFERENCE SHEET

- Offers specific nutrients for brain support\*
- Helps support detoxifying function\*
- Supports circulation\*
- Aids in supporting alertness and memory\*
- Antioxidant ingredients\*
- Concentrated for daily serving
- Certified kosher

### Kenzen Wellness

#### The Nikken Nutrition Philosophy

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness nutrition is based on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

#### KENZEN™ REINFORCEMENT

Targeted for specific wellness concerns

#### KENZEN™ BODY BALANCE

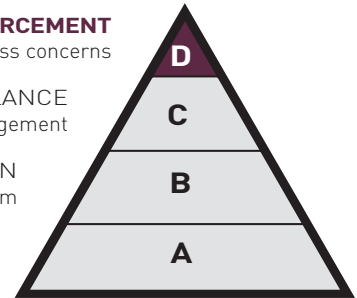

Designed to support fitness, weight management

#### KENZEN™ DAILY NUTRITION

A comprehensive nutritional program

#### KENZEN™ BASICS

The foundation of your nutrition regimen

# KENZEN™ MENTAL CLARITY

## QUICK REFERENCE SHEET

### THE FACTS

- Specific nutrients have been shown to improve brain circulation, for optimal performance on the job or at play. The right combination of such natural ingredients may promote clarity of thought and enhanced memory.\*
- Cordyceps sinensis is a rare mushroom found in the mountains of China and Tibet. It is highly prized by practitioners of ancient medicine for cerebral support.
- Ginkgo biloba, known as the maidenhair tree, has been cultivated for thousands of years in Asia. The extract of the leaves contains flavonoid glycosides and terpenoids (ginkgolides, bilobalides) and has been used to support and enhance memory and concentration.\*
- Ginkgo extract may have three effects on the body: it supports blood flow (including microcirculation in small capillaries), protects against cell damage from free radicals, and blocks many of the effects of platelet-activating factor (platelet aggregation, blood clotting).\*
- N-acetyl-cysteine, derived from the simple amino acid cysteine, provides significant protection against a broad array of modern toxins.\*
- Glutathione is one of the body's most important and powerful antioxidants. It can act as protection against free radicals.\*
- Grape seed extract contains polyphenols. By limiting oxidation, these compounds in grape seed extract help support healthy blood vessels.\*

**Recommended Use:** Two (2) capsules total per day. For maximum absorption, take separately during the day.

### Supplement Facts

Serving Size: 2 Capsules  
Servings Per Container: 30

Amount Per Serving	% DV
