

Compare Nikken with Your Career or Investment Opportunity

- Nikken operates in the fastest growing segment (\$1Trillion projected growth) of the largest and fastest growing part of the US Economy- Healthcare (currently 2.5 Trillion)
- We are the only Total Wellness Company in the World, entering the projected \$1 Trillion Dollar Industry.
- Nikken Independent Wellness Consultants build their careers in the only 2 areas every company can never downsize and always want to upsize! We are the Customers AND the Distributors.
- We have all of the power of a major corporation behind us with all of the freedom of working from home combined with the stability and support of franchising without the high franchise costs.
- We have a business where you can not only make a great living today, but also build residuals in a year or two that would literally take a lifetime to build the traditional way.
- With Nikken, you can choose where you want to live, who you work with, set your own hours and can never be downsized or let go.
- We take advantage of the most advanced business building and product technologies with our state of the art infrastructure.
- Our company is debt free/cash rich and privately owned so we are not subject to outside forces making our choices for us.
- Nikken has entire Executive Board Meetings weekly where the whole purpose is to figure out how to add more people, maximize their incomes, pay for their homes and cars and give people the tools to live a life of freedom and purpose.
- A career with Nikken allows you to be part of something that literally changes lives. Beginning with yours...

We are in the biggest growth segment of the largest industry, in the 2 places every company wants to upsize, where the company wants to maximize your pay and position and build you a reproductive residual income, while you protect your families' health with our Certified Wellness Home Technologies. Can your current career give you any of this?
