- *Aloe vera and Vitamin E*
- *Certified organic by independent organization*

True Elements Skincare

True Elements Swiss Organic Skin Care takes its inspiration from the flowers, vines and herbs that grow in the Valaisan Mountains of the Swiss Alps. Subjected to extremes of temperature and humidity over the course of centuries, these extraordinary plant strains have developed an unusual resistance to the effects of environmental stress.

Organic essences of these rare plants are refined and blended to create True Elements, a complete line of high performance products that form a comprehensive skin care regimen. These unique formulations help safeguard skin from the challenges of weather and aging, for a more youthful, radiant looking complexion.

INTENSIVE NIGHT CREAM FEATURES/BENEFITS:

- **Long-acting moisturizer** Works while you sleep.
- **Organic oil extracts** Together with Daily Perfecting Cream can reduce appearance of fine lines.
- **Contains imperatoria and marrubium** Herbs recognized for exceptional skin care properties.
- **Natural nourishing ingredients** Unlike some other creams, leaves no greasy residue.
- **Part of a comprehensive skin care program** . . . For a wide range of skin types, can be adapted for individual needs.
- **Ecocert certified** Guarantee of organic materials, produced under ecologically sustainable conditions.

TRUE ELEMENTS™ INTENSIVE NIGHT CREAM

QUICK REFERENCE SHEET

THE FACTS

- True Elements Intensive Night Cream includes natural herbal ingredients and extracts in a rich cream base that is designed for gradual, extended absorption into skin while sleeping, so that the benefit of these ingredients is maximized. It complements the Daily Perfecting Cream in helping to keep skin hydrated on a 24-hour basis.
- Intensive Night Cream features masterwort (imperatoria) — considered by the ancient Romans as a miracle herb, and horehound (marrubium), an herb from the mint family of plants. Both support the skin's natural restorative properties.
- Natural oils such as shea butter, olive, macadamia and jojoba are added to moisturize while also helping to reduce the appearance of lines. Increased hydration helps to give skin a more youthful, radiant look.
- Sun, wind, airborne pollutants, free radicals and advancing years all can accelerate a prematurely aged look. Nikken True Elements is a system of professional-quality care that delivers results in several ways — gentle cleansing, help in balancing skin pH, replenishment of lost moisture and nourishment.
- The complete True Elements skin care line consists of unique formulations based on natural source materials. Only top-quality ingredients from European suppliers are used.
- The plant extracts in True Elements products are certified by Ecocert, a control and certification organization qualified by the French Committee for Accreditation.
- In Ecocert certified skin care products, at least 95% of the ingredients must be natural or of natural origin. The Ecocert seal is a guarantee that these products contain:
 - No mineral oil or silicon
 - No emulsifiers that include PEG
 - No viscosity-controlling agents such as carbomer
 - No preservatives that include phenoxyethanols or parabens
 - No synthetic dyes, colors or perfumes
 - No solvents that include propylene glycol
