# Guidelines

## General Information

Autoship is a monthly standing order of Nikken products, specifically nutritional and other consumable items. Autoship requests will be processed as quickly as possible, usually within two business days. After the initial shipment has been sent, the monthly shipping date will be determined, and subsequent shipments will be sent on the same calendar day each month. The schedule for shipments is Monday through Friday (excluding holidays) during normal business hours. Shipment dates that fall on a Saturday, Sunday or holiday will be processed on the previous business day.

## Program Advantages

As an Autoship participant, you will receive a 10% savings on Nikken nutritional and other select items on your product orders of ¥100 PV or more. All PV is based on regular pricing. The discount is not available on Packs or promotional pricing unless specified. This savings is only possible through your consistent participation in the Nikken Autoship Program; non-consumable orders are not available on Autoship and we encourage you to take advantage of other types of discount ordering, including Advanced myNikken (3% discount). Consultants who maintain a minimum Autoship volume of ¥100 PV points per Autoship order will receive the following benefits:
